<b>skin ageing</b>		
<b>AGE Smart®</b> Age Reversal Eye Complex	Retinol (Vitamin A)   ARG-LYS Polypeptide   Palmitoyl Dipeptide-2   Palmitoyl Tetrapeptide-7   UGL Complex (exfoliant)   Niacinamide   Glucosamine   Dimethicone Crosspolymer	<b>immediate</b> - Refines dehydration lines and tightens delicate skin around the eye. <b>with continued use</b> - Clinically proven to reverse the signs of ageing; combined with peptides and other actives to repair delicate eye area skin and reduce dark circles.
<b>NEW! AGE Smart®</b> MultiVitamin Power Serum	Hydroxypinacolone Retinoate (HPR)   Retinyl Palmitate (Vitamin A)   Magnesium Ascorbyl Phosphate (MAP)   Ascorbyl Glucoside   Tocopherol (Vitamin E)   Palmitoyl hexapeptide-14   Dimethicone	<b>immediate</b> - Smoothes and refines dehydration lines. <b>with continued use</b> - Visibly decreases fine lines and age spots by retexturising skin's surface. Boosts skin elasticity and brightens skin tone.
<b>AGE Smart®</b> MultiVitamin Thermafoliant™	Retinol (Vitamin A)   Tetrahexyldecyl ascorbate (Vitamin C)   Tocopherol   Salicylic Acid   Lactic Acid	<b>immediate</b> - Removes dead skin cells to reveal smoother, brighter skin. <b>with regular use</b> - Skin tone looks more even and feels dramatically smoother.
<b>AGE Smart®</b> Dynamic Skin Recovery SPF50	OTC SPF ingredients   ARG-LYS polypeptide   Palmitoyl Tripeptide-5   Glucosamine   Hyaluronic Acid	<b>immediate</b> - Provides long-lasting hydration and reinforces the skin's natural moisture barrier. Provides critical protection from daylight exposure. <b>with regular use</b> - Regulates the formation of collagen-degrading MMPs and enhances the skin's natural ability to fight skin ageing.
<b>pigmentation</b>		
<b>NEW! PowerBright TRx®</b> C-12 Pure Bright Serum	Oligopeptide-34  Oligopeptide-51  Phytic Acid   Ascophyllum Nodosum (Brown Algae)   Palmaria Palmata (Red Algae)   Zinc Glycinate	<b>with regular use</b> - Helps treat epidermal hyperpigmentation by evening out and brightening skin tone.
<b>NEW! PowerBright TRx®</b> Pure Light SPF50	Oligopeptide-34  Palmaria Palmata (Red Algae)   Zinc Glycinate   Lactobacillus / Pumpkin Fruit Ferment Filtrate   Niacinamide   Glycyrrhizate (Licorice)   Laminaria Ochroleuca (Brown Algae)   Oleosome Technology & sunscreens   Cross-linked Hyaluronic Acid	<b>with regular use</b> - Helps treat epidermal hyperpigmentation by evening out and brightening skin tone.
<b>NEW! PowerBright TRx®</b> Pure Night	Oligopeptide-34  Zinc Glycinate   Lactobacillus / Pumpkin Fruit Ferment Filtrate   Raspberry & Cranberry Seed Oil   Vigna Aconitifolia (Moth Bean) Seed Extract   Magnesium Ascorbyl Phosphate (MAP)   Niacinamide   Strelitzia Nicolai (Giant White Bird of Paradise) Seed Extract   Glycyrrhizate (Licorice)	<b>with regular use</b> - Helps treat epidermal hyperpigmentation by evening out and brightening skin tone.
<b>acne</b>		
<b>mediBac clearing®</b> Special Clearing Booster	OTC Benzoyl Peroxide 5%	<b>immediate</b> - Quickly dries breakouts as well as soothes redness and aggravation. <b>with regular use</b> - Speeds up the healing process and controls future breakouts.
<b>mediBac clearing®</b> Sebum Clearing Masque	Niacinamide   The mediBac clearing® Sebum Regulating Complex   Sarcosine   Salicylic Acid	<b>immediate</b> - Cools and soothes the skin whilst absorbing excess oil, refining open pores and controlling bacteria that can lead to inflamed lesions. <b>with regular use</b> - Addresses and controls the four factors that contribute to acne: overactive sebaceous glands, cell accumulation, bacteria and inflammation.
<b>mediBac clearing®</b> Clearing Mattifier	Niacinamide and Sodium Dehydroacetate   The mediBac clearing® Sebum Regulating Complex   Salicylic Acid at 2%	<b>immediate</b> - Provides superior shine control, smoothes skin texture and is a great primer prior to make-up application. <b>with regular use</b> - Inhibits overactive sebaceous glands and clears congested follicles to minimise future breakouts. Reduces pore size and skin shine.
<b>sensitivity</b>		
<b>UltraCalming™</b> Serum Concentrate	Acetyl tetrapeptide-15   Boerhavia Diffusa   Avena Sativa   Hydroxyphenyl Propamidobenzoic Acid   Portulaca Oleraca (purslane) extract   Zingiber Officinale	<b>immediate</b> - Helps relieve irritation and inflammation. Hydrates the skin. <b>with regular use</b> - Helps interrupt inflammatory triggers to prevent flare-ups. Strengthens the skin's barrier function to increase sensitivity threshold.
<b>UltraCalming™</b> UltraSmoothing Eye Serum	Hexapeptide-11   UltraCalming™ Complex   Cross-linked Hyaluronic Acid   Brown and Red Algae Extract   Magnesium Ascorbyl Phosphate (MAP)   Carrot Root Extract (converts to Retinol in the skin)	<b>immediate</b> - Helps reduce sensitivity, irritation and inflammation whilst hydrating the skin. <b>with regular use</b> - Stimulates collagen synthesis, helps fight pigmentation and minimise fine lines.
<b>UltraCalming™</b> Barrier Repair	Boerhavia Diffusa   Avena Sativa   Hydroxyphenyl Propamidobenzoic Acid   Bisabolol   Zingiber Officinale	<b>immediate</b> - Creates a shield against environmental assault to help prevent further damage. <b>with regular use</b> - Silicones reinforce lipid barrier layer.

For an accurate client prescription always conduct Face Mapping® skin analysis.  
Refer to individual product packing for any contraindications.
